

ESCO Technologies Management to Present at Wedbush Clean Technology & Industrial Growth Conference

September 9, 2011

ST. LOUIS, Sept. 9, 2011 /PRNewswire via COMTEX/ --

ESCO Technologies Inc. (NYSE: ESE) announced today that Gary Muenster, Executive Vice President & CFO, will make a Company presentation on Wednesday, September 14, at the Wedbush Clean Technology & Industrial Growth Conference in San Francisco. The presentation will highlight the Company's operations.

A live audio webcast of the presentation will be available on the Company's website (www.escotechnologies.com) at approximately 12:35 p.m. Central Time. A replay will remain on the site through September 20. Visuals will also be available on the Company's website by accessing the "Company Presentation" link.

ESCO, headquartered in St. Louis, is a proven supplier of special purpose utility solutions for electric, gas and water utilities, including hardware and software to support advanced metering applications and fully automated intelligent instrumentation. In addition, the Company provides engineered filtration products to the aviation, space and process markets worldwide and is the industry leader in RF shielding and EMC test products. Further information regarding ESCO and its subsidiaries is available on the Company's website at www.escotechnologies.com.
